

# LOTO-LOK™

## STEEL SAFETY LOCKOUT HASP Model: PMH-38

### FEATURES:

LOTO-LOK Steel Safety lockout hasps are manufactured from C45 Grade Steel and electro galvanized.

The grips are Polypropylene injection molded over steel providing superior scratch and peel resistance over vinyl coated grips.

LOTO-LOK steel hasps with Polypropylene injection molded grips are the preferred choice for tough working conditions and extreme environments.

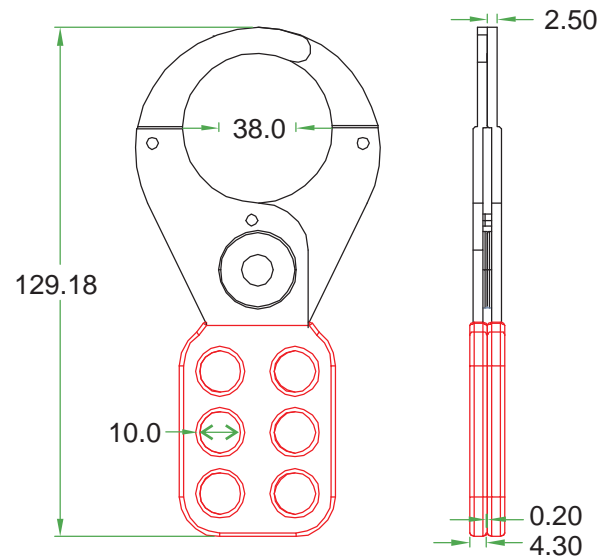

LOTO-LOK Steel hasps allow upto 6 padlocks for isolating one energy source. The hasp is inserted through the isolating point and each Authorized Employee attaches their individual padlock through the lockout hasp. Lockout hasp remains immobilized until all padlocks are removed as the energy cannot be restored until the work is finished and all padlocks have been removed. This ensures worker's safety during maintenance or commissioning of plants and equipment.

**MATERIAL:** Constructed from C45 Grade Steel, electro galvanized with Polypropylene injection molded grips.

**TEMPERATURE RANGE:** -20 Deg. C to 120 Deg. C

### SPECIFICATION:

- Scissor action with 38mm diameter jaw size.
- Accept locks with shackles up to 3/8" (9.5mm) diameter.
- Keeps equipment inoperative while repairs or adjustments are made, Control cannot be turned on until last worker's padlock is removed from the hasp.

## LOCKOUT / TAGOUT & ARC FLASH PPE SAVES LIVES

Is your facility compliant to OSHA 29 CFR 1910.147 standard?

**Disclaimer:**  
It is the obligation of the owner and/or the equipment operator to carefully read and understand the use of LOTO-LOK™ products and determine the correct selection.

LOTO Safety Products JLT is not responsible for damages to persons or property caused by improper use of products. To the extent that the law permits, any liability which may be incurred as a result of the use of a product manufactured or sold by LOTO Safety Products JLT is limited to the cost of repairing or replacing the failed product within the warranty period.

LOTO Safety Products JLT, its owner(s), its shareholder(s), or its agents shall not in any event be liable for economic loss of profits, indirect, special, bodily injuries or consequential damages.
